Integrated Master's graduate in Engineering and Communication Systems (2024) from the University of the Aegean, specializing in Computer Technologies & Telecommunications as well as Communication Systems & Networks. Recently completed military service, demonstrating discipline, responsibility, and adaptability. Highly motivated and eager to learn, seeking to begin a professional career in software engineering and contribute to innovative projects.

Work experience

IT Support Technician   2024 - 2025
Hellenic Army

 • Provided hardware support including PC repair, maintenance, and peripheral troubleshooting (printers, scanners, routers, UPS).
• Installed, configured, and maintained operating systems (Windows Server, Windows XP/7/10, Linux) and software for secure military networks.
• Administered computer networks (Domain Server, Active Directory, Exchange Server) and supported network infrastructure expansion.
• Conducted research on new technologies, prepared technical reports, and created presentations with PowerPoint.

Education

Master of Engineering - Department of Information and Communication Systems Engineering   2016 - 2024
University of the Aegean

Thesis: Development of a Link Budget Tool for Satellite Channels

Certifications and GitHub

GitHub: github.com/Haris7granas
Spring Boot 3, Spring 6 & Hibernate for Beginners – Udemy (2025)
JavaFX Master Class: Create A Banking Application – Udemy (2024)
Univators | Skilling Future Digital Innovators – Code.Hub (2023)
